

Membership Application
Shasta-Cascade Viticulture Association

visit us at:

www.shastacascadeviticultureassociation.org

PURPOSE

The purpose of the Shasta-Cascade Viticulture Association is: (1) to provide a forum for education about grape growing and winemaking in Northern California, (2) to promote recognition of Northern California as a viable grape growing region, and (3) to promote marketing of grapes grown in Northern California.

BENEFITS OF MEMBERSHIP

Members of the Association will be notified of workshops and meetings, and will receive discounts on workshop fees. Member wineries and business members are allowed to link their web site to the Association web site. Additionally, a yearly census of member growers production will help define where and by what amount grapes are grown in our region.

YES! I'd like to join the Shasta-Cascade Viticulture Association.
